D. Changes to benefits for next year

D1. Changes to benefits for medical services

There are no changes to your benefits for medical services. Our benefits will be exactly the same in 2025 as they were in 2024.

D2. Changes to prescription drug coverage

Changes to our Drug List

An updated **List of Covered Drugs** is located on our website at **UHCCommunityPlan.com**. You may also call the Member Engagement Center at **1-866-633-4454** for updated drug information or to ask us to mail you a **List of Covered Drugs**.

We made changes to our **Drug List**, which could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs.

Review the **Drug List** to **make sure your drugs will be covered next year** and to find out if there will be any restrictions.

Most of the changes in the **Drug List** are new for the beginning of each year. However, we might make other changes are allowed by Medicare and/or the state that will affect you during the plan year. We update our online **Drug List** at least monthly to provide the most up to date list of drugs. If we make a change that will affect a drug you are taking, we will send you a notice about the change. If you are affected by a change in drug coverage, we encourage you to:

- Work with your doctor (or other prescriber) to find a different drug that we cover.
 - You can call the Member Engagement Center at **1-866-633-4454** or contact your Care Coordinator to ask for a list of covered drugs that treat the same condition.
 - This list can help your provider find a covered drug that might work for you.
- Ask the plan to cover a temporary supply of the drug.
 - In some situations, we will cover a **temporary** supply of the drug during the first 90 days of the calendar year.
 - This temporary supply will be for up to 30 days. (To learn more about when you can get a temporary supply and how to ask for one, refer to Chapter 5 of the **Member Handbook** (Getting your outpatient prescription drugs through the plan).
 - When you get a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.
 - A new formulary exception needs to be submitted every year. If you or your prescriber believes your health may be harmed by waiting 72 hours, you can ask for an expedited exception and we will give you an answer within 24 hours after we get your prescriber's supporting statement.

If you have questions, please call UnitedHealthcare Connected® for One Care at **1-866-633-4454**, TTY **711**, 8 a.m.–8 p.m. local time, 7 days a week. The call is free. For more information, visit **UHCCommunityPlan.com**.

We currently can immediately remove a brand name drug on our **Drug List** if we replace it with a new generic drug version on the same or a lower cost-sharing tier and with the same or fewer rules as the brand name drug it replaces. Also, when adding a new generic drug, we may also decide to keep the brand name drug on our **Drug List**, but immediately move it to a different cost-sharing tier or add new rules or both.

Starting in 2025, we can immediately replace original biological products with certain biosimilars. This means, for instance, if you are taking an original biological product that is being replaced by a biosimilar, you may not get notice of the change 30 days before we make it or get a month's supply of your original biological product at a network pharmacy. If you are taking the original biological product at the time we make the change, you will still get information on the specific change we made, but it may arrive after we make the change.

Some of these drug types may be new to you. For definitions of drug types, please see Chapter 12 of your **Member Handbook**. The Food and Drug Administration (FDA) also provides consumer information on drugs. Refer to the FDA website: [fda.gov/drugs/biosimilars/multimedia-education-materials-biosimilars#For%20Patients](https://www.fda.gov/drugs/biosimilars/multimedia-education-materials-biosimilars#For%20Patients). You may also contact Member Services at the number at the bottom of the page or ask your health care provider, prescriber, or pharmacist for more information.
