## B. Background Information about UHC Dual Complete's Network Providers

### B1. Key Terms

Your Care Team may include doctors, nurses, counselors, or other health professionals who are there to help you get the care you need. Your care team will also help you make a Plan of Care.

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, specialists, pharmacists, therapists, behavioral health providers, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, prescription drugs, equipment, and other services.
  - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a UHC Dual Complete member.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a healthcare professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization** for a specialist or someone that is not your PCP. A **prior authorization** is different than a referral. It means that UHC Dual Complete (not your PCP) must give you approval **before** we will cover a specific service, item, or drug or an out-of-network provider. If you don't get a prior authorization, UHC Dual Complete may not cover the service, item, or drug.
  - Prior authorizations are **not** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
    - services from a women's health specialist.
  - Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a prior authorization. We must pay the Indian health provider for those services even if they are out of our plan's network.
  - More information on prior authorizations is available in **Chapter 3** of the *Evidence of Coverage*.
- You also have access to a Health Coordinator and a Care Team that you help choose.

**If you have questions**, call UHC Dual Complete at 1-866-622-8054, TTY 711, 7:45 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit [MyUHC.com/CommunityPlan](http://MyUHC.com/CommunityPlan).

- A **Health Coordinator** that helps you manage your medical providers and services. Your Health Coordinator will work with you and with your providers to make sure you get the health care services you need.
- Your **Care Team** works together to make sure your care is coordinated. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Members of your care team may include:

- You
- Your Health Coordinator
- Your Primary Care Provider (PCP)

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you will get the right provider to help you with your concerns.

## **B2. Wait times for primary care and behavioral health**

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 21 days for routine and preventative care.

## **B3. How to choose a Primary Care Provider (PCP)**

First, you will need to choose a Primary Care Provider (PCP). You may be able to have a specialist act as your PCP. You can choose any PCP in our network who is accepting new members.

To choose a PCP, refer to the list of providers in section F and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you do not choose a PCP in our network, UHC Dual Complete will choose one for you.
- If you want help in choosing a PCP, please call Customer Service at 1-866-622-8054, TTY 711, 7:45 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. Or, visit [MyUHC.com/CommunityPlan](http://MyUHC.com/CommunityPlan).

**If you have questions**, call UHC Dual Complete at 1-866-622-8054, TTY 711, 7:45 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit [MyUHC.com/CommunityPlan](http://MyUHC.com/CommunityPlan).

- If you have questions about whether any service or care that you want or need is covered, talk to your Health Coordinator or call Customer Service at 1-866-622-8054, TTY 711, 7:45 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept and ask **before** you get the service or care.

#### **B4. Long-term Services and Supports**

As a UHC Dual Complete member, you will be able to get long-term services and supports (LTSS), such as adult day health or personal care services. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. LTSS is available to members who meet certain clinical and financial requirements.

If you need LTSS your Care Coordinator can help you and your Care Team determine what options are available to support you in the way you want.

**If you have questions**, call UHC Dual Complete at 1-866-622-8054, TTY 711, 7:45 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit [MyUHC.com/CommunityPlan](https://MyUHC.com/CommunityPlan).

## B5. How to access UHC Dual Complete's network providers

You must get all of your covered services from providers within our network. If you use providers who are not in UHC Dual Complete's network (**without prior authorization**), you may have to pay the bill.

### Prior Authorization

A **prior authorization** is a request for coverage of a service or item submitted by a provider or enrollee before getting the service or item.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if UHC Dual Complete gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. You may change your PCP for any reason at any time. If you want to change your PCP, call Customer Service. The change will become effective on the first day of the following month.
- UHC Dual Complete works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, UHC Dual Complete can help you. Talk to your health coordinator for assistance.

### Telehealth (Virtual Visits)

Telehealth, also known as virtual visits, is covered under your benefit plan. You can access telehealth services from any network provider that offers virtual care. Telehealth services may include primary care, specialist and other health care professionals care, urgent care and/or behavioral health care. Not all network providers offer virtual care and those that do may not offer it for all services indicated. Not all medical conditions can be treated through telehealth. Your provider may tell you that you need to see an in-person doctor for treatment. To access your telehealth benefits, ask your local network provider if they offer virtual care or look for the telehealth indicator listed next to a provider's name within this directory. You can also visit Amwell at [patients.amwell.com](https://patients.amwell.com) from anywhere in the U.S. to initiate a virtual visit at any time.
