B. Background Information about UHC Dual Complete's Network Providers

B1. Key Terms

Your Care Team may include doctors, nurses, counselors, or other health professionals who are there to help you get the care you need. Your care team will also help you make a Plan of Care.

This section explains key terms you'll find in our *Provider and Pharmacy Directory*.

- Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Managed Long Term Services and Supports (MLTSS), supplies, prescription drugs, equipment, and other services.
 - The term **providers** also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and MLTSS.
 - Providers that are a part of our plan's network are called **network providers**.
- Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you pay nothing for covered services.
- A Primary Care Provider (PCP)** is a healthcare professional who gives you routine health care. Your Primary Care Provider/PCP will keep your medical records and get to know your health needs over time.
- Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **Care Manager** and a **Care Team** that you choose.
 - A **Care Manager** helps you manage your medical providers and services.
 - Your **Care Team** may include doctors, nurses, counselors, or other health professionals who are there to help you get the care you need. Your care team will also help you make a Plan of Care. Everyone on your care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your Primary Care Provider/PCP should know all medicines you take so that they can reduce any negative effects. Your Primary Care Provider/PCP will always get your permission before sharing your medical information with other providers.

If you have questions, call UHC Dual Complete at 1-800-514-4911, TTY 711, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit MyUHC.com/CommunityPlan.

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider/PCP

You can get services from any provider who is in our network and accepting new members.

When you become a member of our plan, you will choose a Primary Care Provider/PCP who is part of our plan network. This provider will be your Primary Care Provider/PCP. You may be able to have a specialist act as your Primary Care Provider/PCP. If you would like to use a specialist as your PCP, call Customer Service at 1-800-514-4911, TTY 711, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. You can choose any PCP in our network who is accepting new members.

If you did not choose a Primary Care Provider/PCP or would like to make a change to your Primary Care Provider/PCP, use the list of providers in Sections C1.- C3., and F. and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you do not choose a PCP in our network, UHC Dual Complete will choose one for you.
- If you want help in choosing a PCP, call Customer Service at the number at the bottom of this page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Customer Service and ask before you get the service or care.

If you have questions, call UHC Dual Complete at 1-800-514-4911, TTY 711, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit MyUHC.com/CommunityPlan.

B4. Managed Long Term Services and Supports (MLTSS)

You may be able to get MLTSS as a UHC Dual Complete member. MLTSS is help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Often, these services are provided at your home or in your community, but they can also be provided in a nursing home or hospital when necessary. MLTSS is available to members who meet certain clinical and financial requirements.

You can talk to your Care Manager or call Customer Service (their number is listed at the bottom of this page) to find out if you are eligible for MLTSS.

MLTSS providers are listed in this *Provider and Pharmacy Directory*. To find out more about these services, refer to your *Evidence of Coverage*. Call Customer Service at the number at the bottom of this page to get more information on how to access these services.

B5. How to access UHC Dual Complete's network providers

You must get all of your covered services from providers within our network. If you use providers who are not in UHC Dual Complete's network (**without prior authorization**), **you may have to pay for those services.**

Prior Authorization

A **prior authorization** is an approval from UHC Dual Complete before you can get a specific service, drug, or use an out-of-network provider. UHC Dual Complete may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if UHC Dual Complete gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. You may change your PCP for any reason at any time. If you want to change your PCP, call Customer Service. The change will become effective on the first day of the following month.
- UHC Dual Complete works with all the providers in our network to accommodate the needs of people with disabilities. If you need to use a provider and are not sure if they offer the accommodations you need, UHC Dual Complete can help you. Talk to your Care Manager for assistance.

If you have questions, call UHC Dual Complete at 1-800-514-4911, TTY 711, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit MyUHC.com/CommunityPlan.

Telehealth (Virtual Visits)

Telehealth, also known as virtual visits, is covered under your benefit plan. You can access telehealth services from any network provider that offers virtual care. Telehealth services may include primary care, specialist and other health care professionals care, urgent care and/or behavioral health care. Not all network providers offer virtual care and those that do may not offer it for all services indicated. Not all medical conditions can be treated through telehealth. Your provider may tell you that you need to see an in-person doctor for treatment. To access your telehealth benefits, ask your local network provider if they offer virtual care or look for the telehealth indicator listed next to a provider's name within this directory. You can also visit Amwell at patients.amwell.com from anywhere in the U.S. to initiate a virtual visit at any time.

B6. How to find UHC Dual Complete providers in your area

Network providers in your area are listed in Sections C1.- C3., and F. To find a provider using this directory, turn to the Table of Contents and see where each section begins. Go to the section of the type of provider you are looking for. Once you are in that section, locate the county you live in. Under each county you will find a list of providers in alphabetical order. You can also go online at MyUHC.com/CommunityPlan which is updated daily and is available 24 hours a day, 7 days a week.

How to access out-of-network providers

You must receive your care from a network provider. In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be covered. Here are four exceptions:

- The plan covers emergency care or urgently needed services that you get from an out-of-network provider.
- If you need medical care that Medicare or Medicaid requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider. In this situation, we will cover these services at no cost to you.
- The plan covers kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area.
- Family Planning services may be obtained via out-of-network providers.

If you get a bill for medical care you have received, do not pay it. Call Customer Service for information on how to send this bill to us so that we can pay it. When you send us the bill, we will look at the bill and decide whether the services should be covered.

Call your Care Manager or Customer Service for help with how to get care from out-of-network providers.

If you have questions, call UHC Dual Complete at 1-800-514-4911, TTY 711, 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. The call is free. **For more information**, visit MyUHC.com/CommunityPlan.

How to access specialty providers

You do not need a referral from your PCP to see a network specialist or behavioral/mental health provider. Although you do not need a referral from your PCP to see a network specialist, your PCP can recommend an appropriate network specialist for your medical condition, answer questions you have regarding a network specialist's treatment plan and provide follow-up health care as needed. For coordination of care, we recommend you notify your PCP when you see a network specialist. Your provider is responsible for getting any prior authorizations needed for medical and other covered services under your Plan.

You can get additional information on how to access specialty care by calling Customer Service at the number at the bottom of this page.

How to find a network pharmacy

The Pharmacy section lists pharmacy providers and is located in Sections E1.- E4. You may also call Customer Service at the number at the bottom of this page.

How to determine if a facility is accessible

Providers were asked to complete a questionnaire about accessibility in three areas: parking, entryways and other relevant spaces, and office exam rooms and equipment. Responses to the questionnaire are included in the provider listings.

If you need more information about access options, you can get information by calling Customer Service at the number at the bottom of this page. This could include, but is not limited to, information such as availability of flexible hours or wheelchair access.

How to access interpreters/Interpreter Services/information in other languages

Hearing and language interpreter services are available to help you get services. You can get free oral interpretation in your language. You can also get written information in your language. Call our Customer Service Department at 1-800-514-4911, TTY 711, to request information in an alternative language.
