Your journey to better health

What's inside

Turn to page 2 and learn about **3 digits that could save a life.**

Covered care

Reverse overdose. Save lives.

Find naloxone near you

Find Naloxone Now KY is a new statewide portal and map that connects you to 136 locations where naloxone is available locally. It is free of charge. You can also find more than 1,000 pharmacies where naloxone is available using Medicaid benefits. Visit findnaloxonenow.ky.gov today.

3 digits could save a life

Remember 988 for the Suicide & Crisis Lifeline

Suicide can affect anyone. It's the second-leading cause of death for people ages 10–14 and 25–34.¹ Rates of suicide are higher among veterans, LGBTQ+ people, those who live in rural areas, and people who work in jobs like mining and construction.

Here are some signs to watch for:

- Talk about wanting to die or being a burden to others
- Substance abuse
- Extreme mood swings
- Episodes of rage or reckless behavior
- Sleeping more or less than usual
- Withdrawal or isolation

The good news is that help is available 24 hours a day. Call or text the 988 Suicide & Crisis Lifeline for support from a trained crisis counselor.

Dental health

Diabetes and your dental health

According to the Centers for Disease Control (CDC), more than 37 million people in the United States have diabetes. And 1 in 5 do not know they have it. High blood sugar can make it harder to keep your mouth healthy. Brushing and flossing your teeth daily can help avoid dental pain and infections. So can having regular dental visits. Your dentist can find and help treat tooth decay and gum problems before they become serious.

If you need help finding a dentist or getting an appointment, we can help. Call Member Services at the phone number on page 4 to learn more. And remember to have your a1c checked every 3 months.

Disease Management

Understand your health conditions

If you have a health challenge, you may have questions like:

- What is this disease?
- How does this condition affect my overall health?
- What are the treatments?
- What might happen if I don't make lifestyle changes?

Our disease management program can help you take charge of your health. Visit myuhc.com/communityplan/healthwellness to learn about:

- Asthma
- Attention deficit hyperactivity disorder (ADHD)
- Coronary artery disease (CAD)
- Chronic obstructive pulmonary disease (COPD)
- Depression
- Diabetes
- Heart failure
- Hepatitis C
- Hypertension
- Obesity
- Sickle cell

Know your risk and take action

The CDC says that breast and cervical cancers are 2 of the most common types of cancer in women. Here are some factors that may increase your risk.

Breast cancer risk factors

- Are age 50 or older
- Have a mother, sister or daughter (first-degree relative) who has had breast cancer
- Have inherited changes to certain genes, such as BRCA1 and BRCA2
- Are not physically active
- Drink alcohol or smoke
- Started your period before age 12 or started menopause after age 55

Cervical cancer risk factors

- Have been infected with human papillomavirus (HPV)
- Smoke
- Have HIV (the virus that causes AIDS)
- Have had many sexual partners

Talk to your provider about cancer screenings and the HPV vaccine. You may be eligible to receive a \$25 gift card for completing your breast cancer screening. If you need to find a provider, we can help. Call Member Services at the phone number on page 4 to learn more. Or visit myuhc.com/communityplan.

Postpartum care

Self-care after giving birth

Your body needs to recover after giving birth. It's ok to take it slow. Here are 4 ways to take care of yourself.

- **Get as much rest as possible.** Sleep when your baby sleeps.
- **Try to eat right.** A healthy, balanced diet can help your body recover.
- **Move a bit.** Check with your health care provider first. If they say it's okay, try to walk and do postpartum exercises for even a few minutes each day.
- **Be honest.** Ask friends, family and your provider for help when you need it.

If you have high blood pressure, diabetes or are overweight, you might be at a higher risk for complications. Some can be life-threatening. Learn more about warning signs at cdc.gov/hearher/maternal-warning-signs.

If you need help making an appointment for your postpartum check (7-84 days after delivery) please call Member Services at the phone number on page 4.

We're here to help

Member Services: 1-866-293-1796, TTY 711

Get help with your questions and concerns. Find a health care provider or urgent care center, ask benefit questions or get help scheduling an appointment, in any language (toll-free).

kyportal.medimpact.com

Call to find a pharmacy or medications, 24 hours a day, 7 days a week (toll-free).

Civil Rights Notice

Discrimination is against the law. UnitedHealthcare Community Plan complies with applicable federal civil rights laws and does not discriminate, exclude people, or treat them differently based on race, color, national origin, age, disability, creed, religious affiliation, political beliefs, sex, gender identity or expression, or sexual orientation.

UnitedHealthcare Community Plan provides free auxiliary aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified American Sign Language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, other formats)

We provide free language services to people whose primary language is not English, such as:

- Qualified interpreters
- Information written in other languages

If you need these services, please call Member Services at **1-866-293-1796**, TTY **711**.

If you believe that UnitedHealthcare Community Plan has failed to provide these services or discriminated in another way based on race, color, national origin, age, disability, creed, religious affiliation, political beliefs, sex, gender identity or expression, or sexual orientation, you can file a grievance with:

Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
Salt Lake City, UT 84130

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights:

Online: <https://www.hhs.gov/civil-rights/filing-a-complaint/index.html>

By mail:

U.S. Department of Health and Human Services
200 Independence Avenue SW, Room 509F, HHH Building
Washington, D.C. 20201

By phone: **1-800-368-1019**, TDD **1-800-537-7697**

1-866-293-1796, TTY 711
