# How to use this directory

---

## Choosing a Primary Care Physician (PCP)

Apple Health Expansion members need a primary care provider (PCP). A PCP is your main point of contact for all of your basic health care needs. There are several types of PCPs in this directory. Except in an emergency, your PCP and staff will give or manage all your health care. This includes referrals to specialists. PCPs may be family or general practitioners, internists, pediatricians, or other providers approved by UnitedHealthcare Community Plan.

## Changing your PCP

If you want to change your PCP, call Member Services at **1-877-542-8997**, TTY **711**. They will help you pick a new PCP. You may change your PCP during the year. You may also contact a provider to find out if the provider contracts with UnitedHealthcare Community Plan. When you call, be sure to mention Apple Health Expansion. Ask if the provider is taking new patients.

## Seeing another doctor or specialist

Your PCP might want you to go to a specialist. A specialist is a doctor who treats a special problem, like a dermatologist or a heart doctor. Your doctor will help you find the right specialist. If you have a complex illness, you may need to see the specialist many times. You may see your specialist as often as needed. If you have complex care needs, a specialist can be your PCP. If you need this, call Member Services at **1-877-542-8997**, TTY **711**. We will help you find a specialist who can meet your needs.

## Gender affirming treatment

We cover primary care, hormone therapy, speech therapy, and behavioral health services. If you need assistance accessing one of these services, call Member Services at **1-877-542-8997**, TTY **711** to request a list of providers. You can also ask Member Services to have our Transhealth Care Coordinator call you.

Other gender-affirming treatments, including surgeries and hair removal, are covered directly by the Washington Health Care Authority (HCA) and not by UnitedHealthcare Community Plan. To find a list of providers for these services, email **applehealth.transhealth@hca.wa.gov**.

You can find more information about Apple Health Expansion transhealth benefits online at the Transhealth program webpage: **<http://www.hca.wa.gov/transhealth>**.

## Women's health care services

You can get women's health care services from an in-network women's health care provider without a PCP referral. If you need to see a women's health provider who is not in our network, you must get prior authorization.

However, for certain women's health care services, you can go to local health departments and family planning clinics that are not in our network. Prior authorization is not required.

These women's health care services are covered:

- Routine gynecological exams
- Examination and treatment of disorders of the female reproductive system
- Other health problems treated during a woman's health care visit, if the treatment is within the provider's scope of practice and the service is not excluded

## Telehealth (Telemedicine)

Telemedicine means meeting with your provider online using live video. You just need a phone or computer and internet access. You can share your symptoms with your provider and get a diagnosis and treatment options. Audio-only telemedicine may also be available. Contact your provider to learn if telemedicine appointments are an option for you.

## What if I have a behavioral health crisis?

### Crisis services

If you think you have an emergency, no matter where you are, call **911** or go to the nearest hospital location where emergency providers can help you. As soon as possible, call your doctor or behavioral health provider to arrange for follow-up care after the emergency is over.

A behavioral health crisis is a moment when someone's behavior can put themselves or others in danger, especially if they do not get help.

For immediate help with a behavioral health crisis or thoughts of suicide, call or text **988**.

**988** is the National Suicide Prevention Lifeline. This line is free, confidential, and available 24/7/365. You can also call **988** if you are worried about a loved one who may need crisis support.

Los miembros de Apple Health Expansion necesitan un proveedor o médico de cuidado primario (PCP). Un médico de cuidado primario es su principal punto de contacto para todas sus necesidades básicas de cuidado de la salud. Esta lista incluye varios tipos de médicos de cuidado primario en este directorio. Excepto en situaciones de emergencia, el médico de cuidado primario y su personal le proporcionarán o administrarán todo el cuidado de su salud. Esto incluye las referencias a especialistas.
