

Certificate of Coverage

UnitedHealthcare Insurance Company

What Is the Certificate of Coverage?

This *Certificate of Coverage (Certificate)* is part of the Policy that is a legal document between UnitedHealthcare Insurance Company and the Group. The *Certificate* describes Covered Health Care Services, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Group's *Application* and payment of the required Policy Charges.

In addition to this *Certificate*, the Policy includes:

- The *Schedule of Benefits*.
- The Group's *Application*.
- Riders, including the *Outpatient Prescription Drug Rider*, the *Pediatric Dental Services Rider* and the *Pediatric Vision Care Services Rider*, and the *Routine Vision Examination Rider*.
- Amendments.

You can review the Policy at the Group's office during regular business hours.

Can This Certificate Change?

We may, from time to time, change this *Certificate* by attaching legal documents called Riders and/or Amendments that may change certain provisions of this *Certificate*. When this happens we will send you a new *Certificate*, Rider or Amendment.

Other Information You Should Have

We have the right to change, interpret, withdraw or add Benefits, or to end the Policy, as permitted by law, without your approval.

On its effective date, this *Certificate* replaces and overrules any *Certificate* that we may have previously issued to you. This *Certificate* will in turn be overruled by any *Certificate* we issue to you in the future.

The Policy will take effect on the date shown in the Policy. Coverage under the Policy starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to *Section 4: When Coverage Ends*.

We are delivering the Policy in Massachusetts. The Policy is subject to the laws of the state of Massachusetts and ERISA, unless the Group is not a private plan sponsor subject to ERISA. To the extent that state law applies, Massachusetts law governs the Policy.

Certain capitalized words have special meanings. We have defined these words in *Section 9: Defined Terms*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

How Do You Use This Document?

Read your entire *Certificate* and any attached Riders and/or Amendments. You may not have all of the information you need by reading just one section. Keep your *Certificate* and *Schedule of Benefits* and any attachments in a safe place for your future reference. You can also get this *Certificate* at www.myuhc.com.

Review the Benefit limitations of this *Certificate* by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Care Services* and *Section 2: Exclusions and Limitations*. Read *Section 8: General Legal Provisions* to understand how this *Certificate* and your Benefits work. Call us if you have questions about the limits of the coverage available to you.

If there is a conflict between this *Certificate* and any summaries provided to you by the Group, this *Certificate* controls.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

If you are looking for more specific information about your physician, the Massachusetts Board of Registration in Medicine may have a profile. To see this profile, you can log on to www.massmedboard.org.

How Do You Contact Us?

Call the telephone number listed on your identification (ID) card. Throughout the document you will find statements that encourage you to contact us for more information.

Your Responsibilities

Eligibility, Enrollment, and Required Contributions

Benefits are available to you once you are enrolled for coverage under the Policy. The Group will apply the eligibility rules.

- Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins* and *Premiums*. To be enrolled and receive Benefits, both of the following apply:
 - Your enrollment must be in accordance with the rules of the Policy issued to your Group, including the eligibility rules.
 - You must qualify as a Subscriber or a Dependent as those terms are defined in *Section 9: Defined Terms*.
- You continue to receive Benefits as long as you continue to qualify as a Subscriber or Dependent as defined in *Section 9: Defined Terms* and meet the eligibility rules noted in the Policy which includes this *Certificate* and the *Group Application*.
- Your Benefits are no longer available as described in *Section 4: When Coverage Ends*.

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy. If you have questions about this, contact your Group. You may also refer to *Section 3: When Coverage Begins* for further information.

Be Aware the Policy Does Not Pay for All Health Care Services

The Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician,

provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether the Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the final authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Policy.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We adjudicate claims consistent with industry standards. We develop our reimbursement policy guidelines, as we determine, generally in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our

reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at www.myuhc.com or the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider. We will cover the out-of-Network Covered Health Care Service and you will not be responsible to pay more than the amount which would be required for a similar Covered Health Care Service offered within our network.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

Section 2: Exclusions and Limitations

How Do We Use Headings in this Section?

To help you find exclusions, we use headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. Exclusions appear under the headings. A heading does not create, define, change, limit or expand an exclusion. All exclusions in this section apply to you.

We Do Not Pay Benefits for Exclusions

We will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

- It is recommended or prescribed by a Physician.
- It is the only available treatment for your condition.

The services, treatments, items or supplies listed in this section are not Covered Health Care Services, except as may be specifically provided for in *Section 1: Covered Health Care Services* or through a Rider to the Policy.

Where Are Benefit Limitations Shown?

When Benefits are limited within any of the Covered Health Care Service categories described in *Section 1: Covered Health Care Services*, those limits are stated in the corresponding Covered Health Care Service category in the *Schedule of Benefits*. Limits may also apply to some Covered Health Care Services that fall under more than one Covered Health Care Service category. Please review all limits carefully, as we will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

This exclusion does not apply to services we would otherwise determine to be Covered Health Care Services if the service treats complications that arise from the non-Covered Health Care Service.

For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Policy.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

What If You Are Eligible for Medicare?

Your Benefits may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits may also be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but do not follow the rules of that plan. Please see *How Are Benefits Paid When You Are Medicare Eligible?* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

Who Is Eligible for Coverage?

Eligibility for enrollment is administered by the Group consistent with the Policy which includes this *Certificate* and *Group Application*.

Eligible Person

Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must live within the United States.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Policy. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group in accordance with the eligibility rules. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

Coverage for the Dependent begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.

- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the Policy and/or all similar benefit plans at any time for the reasons explained in the Policy.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**
 - Your coverage ends on the date the Policy ends. In this event, the Group is responsible for notifying you that your coverage has ended.
- **Failure to Pay Required Policy Charge**
 - If we terminate the Policy because the Group fails to pay the required Policy Charge, we will send written notice of the termination to each Subscriber at his or her last-known home address. The notice will contain the following information:
 - The date on which the Policy was terminated.
 - A statement that termination was for nonpayment of the required Policy Charge.
 - A statement that we will honor claims submitted by Covered Persons (to the extent that Benefits are available under the Policy) for any covered service received by the Covered Person prior to the notification date. The notice will be effective three days after the date we mailed it to the Subscriber.
 - The notice is not required if the Group replaces this Policy with another group health insurance policy without interruption of coverage.
- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."
- **We Receive Notice to End Coverage**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the date we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.
- **Subscriber Retires or Is Pensioned**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the date the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's *Application*, and only if the Subscriber continues to meet any applicable eligibility rules. The Group can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least 30 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Continuation of Coverage

If your coverage ends under the Policy, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Groups that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Group is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Continuation Coverage under State Law for Enrolling Groups not Subject to the Terms of COBRA

This continuation provision applies to you if your Enrolling Group is an eligible small business with between 2-19 employees.

Continuation coverage under state law may be available to you if your Enrolling Group is not subject to the terms of COBRA (the federal Consolidated Omnibus Budget Reconciliation Act). If your coverage ends under the Policy, you may be entitled to elect continuation coverage under state law on the same basis as described above for Enrolling Groups subject to the terms of COBRA. You should contact the Enrolling Group to determine if the Enrolling Group is subject to the provisions of COBRA or state law.

Continuation Coverage under State After Loss of Eligibility

Continuation coverage under state law is available to you if your coverage ends under the Policy due to loss of eligibility as a Subscriber.

Continuation coverage under the Policy will end on the earliest of the following dates:

- 31 days from the date your continuation began (90 days from the date your continuation began if the loss of eligibility is because your employment is terminated due to a plant closing or partial closing).
- The date coverage ends for failure to make timely payment of the Premium.
- The date similar coverage is or could be obtained under any other group health plan.
- The date the Policy ends.
- The Enrolling Group will provide you with written notification of the right to continuation coverage when coverage ends under the Policy. You must elect continuation coverage within 30 days of receiving this notification. You should obtain an election form from the Enrolling Group or the employer and, once election is made, forward any monthly Premiums to the Enrolling Group for payment to us.

Continuation Coverage under State Law After Layoff, Death or Plant Closing

Continuation coverage under state law is available to you if your coverage ends under the Policy because of involuntary layoff, death, or plant closing.

Continuation coverage under the Policy will end on the earliest of the following dates:

- 39 weeks from the date your continuation began (90 days from the date your continuation began if the loss of eligibility is because your employment is terminated due to a plant closing or partial closing).
- The date coverage ends for failure to make timely payment of the Premium.
- The date similar coverage is or could be obtained under any other group health plan.
- The date the Policy ends.
- The Enrolling Group will provide you with written notification of the right to continuation coverage when coverage ends under the Policy. You must elect continuation coverage within 30 days of receiving this notification. You should obtain an election form from the Enrolling Group or the employer and, once election is made, forward any monthly Premiums to the Enrolling Group for payment to us.

Continuation Coverage under State Law After Judgment Absolute of Divorce or of Separate Support

Continuation coverage under state law is provided to the spouse of a Subscriber in the event of a judgment absolute of divorce or of separate support unless the judgment does not provide for the continuation coverage. Continuation coverage under the Policy will end on the earliest of the following dates:

- The date coverage ends for the Subscriber.
- The date of the remarriage of either the Subscriber or the spouse. If the Subscriber remarries, the former spouse remains eligible for continuation coverage if timely payment of any required Premium is forwarded to the Enrolling Group for payment to us.
- The date as provided in the judgment.
- The date the Policy ends.

Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum Rx
PO Box 650629
Dallas, TX 75265-0629

Payment of Benefits

You may not assign your Benefits under the Policy or any cause of action related to your Benefits under the Policy to an out-of-Network provider. We may, as we determine, pay an out-of-Network provider directly for services rendered to you. In the case of such payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

Any such payment to an out-of-Network provider:

- Is not an assignment of your Benefits under the Policy or of any legal or equitable right to institute any proceeding relating to your Benefits,
- Is not a waiver of the prohibition on assignment of Benefits under the Policy, and
- Will not preclude us from asserting that any purported assignment of Benefits under the Policy is invalid and prohibited.

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

How Do You Appeal a Claim Decision?

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. In at least one level of review these individuals will be actively practicing health care professionals in the same or similar specialty that typically treat the medical condition, perform the procedure or provide the treatment which is subject to the grievance. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and

other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

- Upon receipt of an appeal, we will review, investigate and decide an appeal within the applicable time limit unless the time limit is extended by mutual agreement.
- Our decision of an appeal will be sent to you in writing. The decision will identify the specific information considered in your appeal and an explanation of the basis for the decision with reference to the provisions on which the decision was based. If the decision is to deny coverage based on a medical necessity determination, the decision will include:
 - The specific information upon which the decision was based;
 - Your presenting symptoms or condition, diagnosis and treatment interventions and the specific reasons such medical evidence fails to meet the relevant medical review criteria;
 - Identification of any alternative treatment option covered by us; and
 - The applicable clinical practice and review criteria information relied on to make the decision.
- The decision will also include a description of other options available for further review of the appeal. These options are described below under "What You May Do If Your Appeal Is Denied."

No one involved in the initial decision to deny a claim under appeal will be a decision-maker in any stage of the appeal process. You have the right to receive, free of charge, all documents, records or other information relevant to the initial denial and appeal.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits.
- For appeals of post-service claims as defined above, the appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Appeals Involving Medical Necessity Determinations. Special rights apply to appeals involving medical necessity determinations. Such an appeal could involve a decision that a service:

- Is not medically necessary;
- Is not being provided in an appropriate health care setting or level of care;
- Is not effective for treatment of your condition; or
- Is an Experimental or Investigational Service or an Unproven Service.

These include the right to appeal to an external review organization under contract with the Office of Patient Protection of the Health Policy Commission. The procedure for obtaining external review is summarized below under "What You May Do If Your Appeal is Denied".

The Office of Patient Protection. The Office of Patient Protection of the Health Policy Commission is the agency responsible for enforcing the Massachusetts laws concerning grievance rights and for administering appeals to external review organizations. The Office of Patient Protection has developed regulations and implemented procedures concerning grievances, medical necessity guidelines, continuity of care and independent external review. You may obtain a report regarding the number of appeals and complaints filed with us and their outcome from the Office of Patient Protection.

Enrollment Required for Coverage. To be eligible for coverage, you must be duly enrolled on the date a service is received. A response to an informal inquiry or an appeal decision approving coverage will not be valid for services received after the termination date. However, payment may be made after the termination date for services received while enrollment was effective.

The Formal Complaint Procedure

Contact us at the telephone number shown on your ID card. Our representatives are available to take your call during regular business hours, Monday through Friday. If a complaint is filed by telephone, a representative will write a summary of the complaint and send it to you within 48 hours of receipt. This time limit may be extended by mutual agreement between you and us. Any such agreement must be in writing.

If you would rather send your complaint to us in writing, the representative can provide you with the appropriate address.

Written complaints will be acknowledged in writing within 15 days of receipt. This time limit may be extended by written mutual agreement between you and us. No acknowledgment of a complaint will be sent if a representative has previously sent a summary of a complaint submitted by telephone.

If we need to review your medical records you agree to furnish us with required information as described in the Information and Records provision in *Section 8: General Legal Provisions*.

You will be provided with a written response to a complaint within 30 business days of the date the complaint was received. This time limit may be extended by mutual agreement between you and us. Any

extension will not exceed 30 business days from the date of the agreement. Any such agreement must be in writing.

If a complaint requires the review of medical records, the date of receipt will be the date we receive all necessary information. If we do not respond to an informal inquiry within 3 business days, the date of receipt will be the fourth business day following the date we receive the informal inquiry. No complaint shall be deemed received until actual receipt of the complaint at the appropriate address or telephone number listed above.

If we do not act on a complaint concerning benefits under this contract within [30 business days], plus any extension of time mutually agreed upon in writing by you and us, the complaint will be deemed to be resolved your favor.

The Formal Appeal Process

How to File an Appeal

If you disagree with either a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to formally request an appeal.

- Your request for an appeal should include:
- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Documentation of Oral Appeals

If an appeal is filed by telephone, an Appeal Coordinator will write a summary of the appeal and send it to you within 48 hours of receipt. This time limit may be extended by written mutual agreement between you and us.

Acknowledgment of Appeals

Appeals will be acknowledged in writing within 15 days of receipt. If your oral grievance was reduced to writing by us, your copy, of that grievance will be the acknowledgement. This acknowledgement period may be waived or extended if both you and we agree to a waiver or extension..

Release of Medical Records

If we need to review your medical records you agree to furnish us with required information as described in the Information and Records provision in *Section 8: General Legal Provisions*.

Time Limit for Processing Appeals

You will be provided with a written or electronic notification of appeal decision within 30 business days of the date the appeal was received. These time limits may be extended by mutual agreement between you and us. Any extension will not exceed 30 business days from the date of the agreement. We may decline to extend the review period for an appeal if a service has been continued pending an appeal.

Any appeal which requires the review of medical records will include your signature or your authorized representatives' signature on a form provided by us authorizing the release of medical and treatment information to us, in a manner consistent with state and federal law. We will request the authorization from you when necessary for requests reduced to writing by us and for any written requests lacking the authorization.

The 30 business day time period for written resolution of a grievance, which does not require the review of medical records, begins:

On the day immediately following the 3 business day time period for processing inquiries, if the inquiry has not been addressed within that period of time; or

On the date you or your authorized representative, if any, notifies us that you are not satisfied with the response to an inquiry if earlier than the 3 business day period.

The time limits in this section may be waived or extended by your and our written mutual agreement.

If we do not properly act on any appeal within the required time limits, the grievance will be deemed resolved in your favor. The time limits include any mutually agreed upon extensions made between us and you or your authorized representative.

If a grievance is filed concerning ongoing Benefits, those Benefits will be provided through the completion of the grievance process. These Benefits do not include Benefits which were terminated because of a specific time or episode-related limit or exclusion under the Policy.

Continuation of Services Pending Appeal

If an appeal is filed concerning the termination or reduction of coverage for ongoing treatment, such coverage will be continued through the completion of the internal appeal process if:

- The service was authorized by us prior to a request for an informal inquiry or the filing of an appeal;
- The service was not terminated or reduced due to a benefit limit under this *Certificate of Coverage*; and
- The appellant is, and continues to be, a duly enrolled Eligible Person under this *Certificate of Coverage*.

The Expedited Appeal Process

Your grievance requires immediate action when your Physician judges that a delay in treatment would significantly increase the risk to your health.

You may obtain expedited review of certain types of appeals. An expedited appeal may be requested if we deny coverage for health care services involving:

- Continued hospital care,
- Care that a Physician certifies is required to prevent serious harm, or
- A Covered Person with a terminal illness.

An expedited appeal will not be granted to review a termination or reduction in coverage resulting from:

- A benefit limit or cost sharing provision of this *Certificate of Coverage*, or
- The termination of enrollment.

We will make a decision of an expedited appeal within 72 hours from receipt of the appeal unless a different time limit is specified below. If we do not act on an expedited appeal within the time limits stated below, including any extension of time mutually agreed upon in writing by you and us, the appeal will be deemed to be resolved in your favor. Our decision will be sent to you in writing.

If you are filing an expedited appeal with us, you may also file a request for expedited external review with the Massachusetts Office of Patient Protection at the same time. You do not have to wait until we complete your expedited appeal to file for expedited external review. The procedure for obtaining external review is summarized below under "*What You May Do If Your Appeal is Denied*".

Expedited Review of Appeals for Continued Hospital Care

If you are an inpatient in a hospital you will be provided with an expedited review of any action by us to terminate or reduce coverage for continued hospital care based upon the medical necessity of the

hospitalization or the services provided. Any such appeal will be decided prior to the termination or reduction of the coverage for your hospital stay. Coverage for services will be continued through the completion of the appeals process. The Plan will provide you with written notification of the appeal decision prior to discharge from a hospital.

Expedited Review of Appeals for Durable Medical Equipment

An expedited review will be provided for appeals for services or Durable Medical Equipment that, if not immediately provided, could result in serious harm to you. "Serious harm" means circumstances that could jeopardize your life or health, jeopardize your ability to regain maximum function, or result in severe pain that cannot be adequately managed without the care or treatment requested.

An expedited review will be provided in any case in which we have denied coverage for a service or Durable Medical Equipment if the Physician recommending the treatment or Durable Medical Equipment provides us with a written certification stating that:

- The service or Durable Medical Equipment is Medically Necessary;
- A denial of coverage for the service or Durable Medical Equipment would create a substantial risk of serious harm to the you; and
- The risk of serious harm is so immediate that the provision of the service or Durable Medical Equipment should not await the outcome of the normal appeal process.

A decision may take place earlier than 48 hours for Durable Medical Equipment if a request for such early reversal is included in the certification, and the Physician's certification includes specific facts indicating the immediate and severe harm that will result from a 48-hour delay.

Expedited Review of Grievances for Terminal Illness

A grievance submitted for a Covered Person with a terminal illness will be resolved within 5 business days. If the denial of Benefits is upheld, we will send a written statement within 5 business days of the decision that includes the specific medical and scientific reasons for the denial. It will also include information about any alternative treatment, services or supplies covered under the policy.

You may request a conference to review this information. The conference will be scheduled within 10 days of your request. The conference will be held within 5 business days of the request if the treating Physician determines, after consultation with our medical director or his designee, and based on standard medical practice, that the effectiveness of either the proposed treatment, services or supplies or any covered alternative treatment, services or supplies, would be materially reduced if not provided at the earliest possible date.

We will review the information contained in the statement.

We will make a decision of an expedited appeal within 72 hours from receipt of the appeal unless a different time limit is specified below. If we do not act on an expedited appeal within the time limits stated below, including any extension of time mutually agreed upon in writing by you and us, the appeal will be deemed to be resolved in your favor. Our decision will be sent to you in writing.

What If Your Appeal Is Denied?

If you disagree with the decision of your appeal, you may have a number of options for further review. These options may include reconsideration of appeals that involve a medical necessity determination or external review by an independent organization appointed by the Office of Patient Protection. Below is a summary of these options.

Reconsideration

If you are not satisfied with a decision concerning an appeal that involves a medical necessity determination you can ask that decision be reconsidered if relevant medical information:

- Was received too late to review within the 30 business day time limit; or

- Was not received but is expected to become available within a reasonable time period following the last decision.
- Reconsideration is not available for the following types of appeals:
 - Decisions involving a benefit limitation where the limit is stated in this *Certificate of Coverage* or any Riders or Amendments;
 - Decisions involving excluded services, except Experimental or Investigational Services or Unproven Services; and
 - Decisions concerning cost sharing requirements.
- When you or your authorized representative, if any, chooses to request reconsideration, we must agree in writing to a new time period for review, but in no event greater than 30 business days from the agreement to reconsider the grievance.
- You also may request an external review as described below. The time period for requesting external review will begin to run on the date of the resolution of the reconsidered grievance.

External Review

If you wish to contest a final appeal decision involving a medical necessity determination you may request external review of the decision by an independent organization under contract with the Office of Patient Protection of the Health Policy Commission. You must file the request within 4 months of your receipt of the written notice of the final determination. You may request to have the external review processed as an expedited external review. In this case, the Physician must certify that delay of the health care services for which Benefits have been denied would pose a serious and immediate threat to your health. When a final determination concerns an admission, availability of care, continued stay, or health care service for which the claimant received emergency services, but has not been discharged from a facility, a certification from a health care professional is not necessary to request an expedited external review.

You must pay a fee of \$25 to the Office of Patient Protection which should be included with the request for a review. The fee may be waived by the Office of Patient Protection if they determine that the payment of the fee would result in an extreme financial hardship to the insured.

If the subject matter of the external review involves the termination of ongoing Benefits, you may apply to the external review panel to seek the continuation of Benefits for the terminated service during the period the review is pending. The review panel may order the continuation of Benefits where it determines that substantial harm to your health may result absent such continuation or for such other good cause as the review panel will determine. Any such continuation of coverage shall be at our expense regardless of the final external review determination.

The Office of Patient Protection will screen requests for external review to determine whether external review can be granted. If the Office of Patient Protection determines that a request is eligible for external review, the appeal will be assigned to an external review agency and notification will be provided to you (or your representative) and us. The decision of the external review agency is binding and must be complied with by us.

If the Office of Patient Protection determines that a request is not eligible for external review, you (or your representative) will be notified within 10 business days or, in the case of requests for expedited review, 72 hours.

The final decision of the review panel will be in writing and set forth the specific medical and scientific reason for the decision and will be furnished to you, or where applicable your authorized representative, and to us.

What Are Your Rights Under Mental Health Parity Laws?

This plan is subject to state and federal Mental Health Parity laws, which generally prohibit insurance plans from providing mental health or substance use disorder benefits in a more restrictive manner than other medical benefits. Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; medical benefits coverage in automobile "no fault" and traditional automobile "fault" type contracts, to the extent permitted by law; group and non-group insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; group and non-group insurance contracts and subscriber contracts that pay or reimburse for the cost of vision care and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital Indemnity benefits coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; insured contracts that pay a fixed daily benefit without regard to which expenses are incurred or services received; Medicare supplement policies; school accident-type coverages that cover students for accidents only, including those contracts covering students for accidents or athletic injuries, either on a 24 hour basis or on a "to and from school" basis; benefits provided in long-term care insurance policies for non-medical services or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; a state plan under Medicaid; or a governmental plan when, by law, its benefits are in excess of those of any private insurance plan or other nongovernmental plan.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of

other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.
- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, co-insurance and co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.

- (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
 - c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Medical Payments Coverage and PIP Coverage in Motor Vehicle Insurance Policies.** If a person who has a health benefit plan and a motor vehicle insurance policy incurs expenses or requires services as a result of an accident with a motor vehicle: personal injury protection, as defined by M.G.L. c. 90, section 34A, shall always be primary and pay the first \$2,000 of expenses as allowed under said statute. PIP shall thereafter be secondary to any such health benefit plan(s) and shall coordinate with the health benefit plan(s) pursuant to M.G.L. c. 90, sections 34A and 34M. Medical payments coverage under a motor vehicle insurance policy shall always be secondary to and in excess of any health benefit plan or personal injury protection as defined under 211 CMR 38.00.
 4. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 5. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 6. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

7. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.
- C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a *Medicare Advantage* (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a *Medicare Medical Savings Account*. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating the Coverage Plan's Benefit in these situations, we use Medicare's allowable expense or Medicare's limiting charge as the Allowable Expense.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

What Is Your Relationship with Us?

It is important for you to understand our role with respect to the Subscriber Policy and how it may affect you. We help finance or administer the Subscriber Policy in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Subscriber Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this *Certificate*.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers and Groups ?

We have agreements in place that govern the relationship between us, our Groups and Network providers, some of which are affiliated providers. Network providers enter into agreements with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Group's Policy. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Group's Policy.

The Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of when the Policy ends.

When the Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

What Is Your Relationship with Providers and Groups ?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.

- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Group is responsible for giving notice to you.

Statements by Group or Subscriber

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. We will not use any statement made by the Group to void the Policy after it has been in force for two years unless it is a fraudulent statement.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. The applicable Co-payment and/or Co-insurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in the *Schedule of Benefits*.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You

may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. Contact us at www.myuhc.com or the telephone number on your ID card if you have any questions.

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the final authority to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we have the right, as we determine and without your approval, to change, interpret, withdraw or add Benefits or end the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Policy are effective upon the Group's next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

We will provide to at least one adult Covered Person in each household who resides in Massachusetts notice of all material changes to the *Certificate of Coverage* by issuing an amendment, rider, or a new *Certificate of Coverage*.

We will provide to the Group for delivery to at least one adult Covered Person in each household residing in Massachusetts prior notice of modification in Covered Health Care Services. This notice will be provided at least 60 days before the effective day of the modifications. The notices will include the following:

- Any changes in clinical review criteria.
- A statement about your share, if any, of the cost of the changes.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer the Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Is Workers' Compensation Affected?

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

How Are Benefits Paid When You Are Medicare Eligible?

Benefits under the Policy are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Policy.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Policy), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in *Section 7: Coordination of Benefits*, we will pay Benefits under the Policy as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Policy), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Policy as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement

We have the right to subrogation and reimbursement. References to "you" or "your" in this *Subrogation and Reimbursement* section shall include you, your Estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when we have paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that we are substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that we have paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Policy to treat your injuries. Under subrogation, the Policy has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to us 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Policy as a result of your injuries. In addition, you receive a settlement in a court proceeding from the

individual who caused the accident. You must use the settlement funds to return to the Policy 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying us, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
 - Providing any relevant information requested by us.
 - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
 - Complying with the terms of this section.

Your failure to cooperate with us is considered a breach of contract. As such, we have the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.

- We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- Our subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your Estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not

limited to, economic, non-economic, pecuniary, consortium and punitive damages. We are not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from our recovery without our express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.

- Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our subrogation and reimbursement rights.
- Benefits paid by us may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Policy, you agree that (i) any amounts recovered by you from any third party shall constitute Policy assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Policy (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by us to enforce its reimbursement rights.
- Our right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from us, you agree to assign to us any benefits, claims or rights of recovery you have under any automobile policy - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits we have paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize our right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your Estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Policy is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse us, without our written approval.
- We have the final authority to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death our right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse us is not extinguished by a release of claims or settlement agreement of any kind.

- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse us for 100% of our interest unless we provide written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Policy, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Policy pertaining to reimbursement, we may terminate Benefits to you, your dependents or the subscriber, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to your failure to abide by the terms of the Policy. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.
- We and all Administrators administering the terms and conditions of the Policy's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of our final authority to (1) construe and enforce the terms of the Policy's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to us.

When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Policy. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing

that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

What Is the Entire Policy?

The Policy, this *Certificate*, the *Schedule of Benefits*, the Group's *Application* and any Riders and/or Amendments, make up the entire Policy that is issued to the Group.

In addition, neither us, nor any officers, agents or brokers may require genetic tests or genetic information, as defined below, as a condition of the issuance or renewal of any such coverage.

For purposes of this provision, "genetic information" is any written or recorded individually identifiable result of a genetic test as defined below or explanation of such a result. For purposes of this provision, "genetic test" is a test of human DNA, RNA, mitochondrial DNA, chromosomes or proteins for the purpose of identifying genes, inherited or acquires genetic abnormalities, or the presence or absence of inherited or acquired characteristics in genetic material. For the purposes of this provision, the term genetic test will not include tests given for drugs, alcohol, cholesterol, or HIV; or any test for the purpose of diagnosing or detecting an existing disease, illness, impairment or disorder.

- Pre-service requests for Benefits are those requests that require prior authorization or benefit confirmation prior to receiving medical care. Pre-service utilization review determinations will be made within two working days of obtaining all necessary information. In the case of a determination to approve an admission, procedure or service, we will give notice to the requesting provider by telephone within 24 hours of the decision and will send a written or electronic confirmation of the telephone notification to you and the provider within two working days thereafter. - Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. Retrospective utilization review may be conducted on post-service claims in situations where services are not subject to Pre-service review against clinical criteria.

Retrospective utilization review may be conducted in situations where services are not subject to pre-service review against clinical criteria.

If you wish to determine the status or outcome of a clinical review decision you can contact us by calling the telephone number on the back of your ID card or by calling us at 866-322-1028.

In the event of an adverse determination involving clinical review, your treating provider may discuss your case with a physician reviewer or may seek reconsideration from us. The reconsideration will take place within one working day of your provider's request. If the adverse determination is not reversed on reconsideration you may appeal. Your appeal rights are described in (*Section 6: Questions, Complaints and Appeals*). Your right to appeal does not depend on whether or not your provider sought reconsideration.

Quality Assurance Programs

The goal of our Quality Program is to ensure the provision of consistently excellent health care, health information and service to you, enabling you to maintain and improve your physical and behavioral health and well-being. Some components of the quality program are directed to all Covered Persons and others address specific medical issues and providers.

Examples of quality activities in place for all Covered Person's include a systematic review and re-review of the credentials of Network providers and contracted facilities, as well as the development and dissemination of clinical standards and guidelines in areas such as preventive care, medical records, appointment access, confidentiality, and the appropriate use of drug therapies and new medical technologies.

- Out-of-Network Emergency Health Care Services.
- Non-Emergency Covered Health Care Services received at certain Network facilities by out-of-Network Physicians, when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act*. For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

The Recognized Amount for Air Ambulance services provided by an out-of-Network provider will be calculated based on the lesser of the qualifying payment amount as determined under applicable law or the amount billed by the Air Ambulance service provider.

Note: Covered Health Care Services that use the Recognized Amount to determine your cost sharing may be higher or lower than if cost sharing for these Covered Health Care Services were determined based upon an Allowed Amount.

Remote Physiologic Monitoring - the automatic collection and electronic transmission of patient physiologic data that are analyzed and used by a licensed Physician or other qualified health care professional to develop and manage a plan of treatment related to a chronic and/or acute health illness or condition. The plan of treatment will provide milestones for which progress will be tracked by one or more Remote Physiologic Monitoring devices. Remote Physiologic Monitoring must be ordered by a licensed

Physician or other qualified health care professional who has examined the patient and with whom the patient has an established, documented, and ongoing relationship. Remote Physiologic Monitoring may not be used while the patient is inpatient at a Hospital or other facility. Use of multiple devices must be coordinated by one Physician.

 - Evaluation and diagnosis.
 - Counseling.
 - Referral and orientation to specialized community resources.

A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

Rider - any attached written description of additional Covered Health Care Services not described in this *Certificate*. Covered Health Care Services provided by a Rider may be subject to payment of additional Premiums. (Note that Benefits for Outpatient Prescription Drugs, Pediatric Vision Care Services, Pediatric Dental Services and Routine Vision Examination, while presented in Rider format, are not subject to payment of additional Premiums and are included in the overall Premium for Benefits under the Policy.) Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Policy except for those that are specifically amended in the Rider.

Substance-Related and Addictive Disorders Services - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Care Service.

Substance Use Disorder Treatment - include early intervention services for substance use disorder treatment; outpatient services including medically assisted therapies; intensive outpatient and partial hospitalization services; certain residential or inpatient services; and certain medically managed intensive inpatient services.

Surrogate - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person.

Therapeutic Mentoring Services - medically necessary services provided to a child, designed to support age-appropriate social functioning or to ameliorate deficits in the child's age-appropriate social functioning resulting from a DSM diagnosis; provided, however, that such services may include supporting, coaching, and training the child in age-appropriate behaviors, interpersonal communication, problem solving, conflict resolution, and relating appropriately to other children and adolescents and to adults. Such services shall be provided, when indicated, where the child resides, including in the child's home, a foster home, a therapeutic foster home, or another community setting. Therapeutic mentoring is a skill building service addressing one or more goals on the youth's behavioral health treatment plan. It may also be delivered in the community, to allow the youth to practice desired skills in appropriate settings.

Transitional Living - Mental Health Care Services and Substance-Related and Addictive Disorders Services provided through facilities, group homes and supervised apartments which provide 24-hour supervision, including those defined in the *American Society of Addiction Medicine (ASAM) Criteria*, and are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. They provide stable and safe housing, an alcohol/drug-free environment and support for recovery. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery.

Unproven Service(s) - services, including medications and devices, that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Urgent Care Center - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms.

Section 10: Consolidated Appropriations Act Summary

The Policy complies with the applicable provisions of the *Consolidated Appropriations Act (the "Act")* (P.L. 116-260).

No Surprises Act

Balance Billing

Under the Act, the *No Surprises Act* prohibits balance billing by out-of-Network providers in the following instances:

- When Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians.
- When non-Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described in the Act.
- When Emergency Health Care Services are provided by an out-of-Network provider.
- When Air Ambulance services are provided by an out-of-Network provider.

In these instances, the out-of-Network provider may not bill you for amounts in excess of your applicable Co-payment, Co-insurance or deductible (cost share). Your cost share will be provided at the same level as if provided by a Network provider and is determined based on the Recognized Amount.

For the purpose of this Summary, "certain Network facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

Determination of Our Payment to the Out-of-Network Provider:

When Covered Health Care Services are received from out-of-Network providers for the instances as described above, Allowed Amounts, which are used to determine our payment to out-of-Network providers, are based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by *Independent Dispute Resolution (IDR)*.

Continuity of Care

The Act provides that if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

Provider Directories

The Act provides that if you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing that would be no greater than if the service had been provided from a Network provider.

Schedule of Benefits

How Do You Access Benefits?

You can choose to receive Network Benefits or Out-of-Network Benefits.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Care Provider in order to obtain Network Benefits.

Out-of-Network Benefits apply to Covered Health Care Services that are provided by an out-of-Network Physician or other out-of-Network provider, or Covered Health Care Services that are provided at an out-of-Network facility.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Group, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

We require prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other

Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, our final coverage determination will be changed to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Care Management

When you seek prior authorization as required, we will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 9: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Care Services.

Allowed Amounts

Allowed Amounts are the amount we determine that we will pay for Benefits.

- For Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills.
- For Out-of-Network Benefits, except as described below, you are responsible for paying, directly to the out-of-Network provider, any difference between the amount the provider bills you and the amount we will pay for Allowed Amounts.
 - For Covered Health Care Services that are ***Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Policy*.
 - For Covered Health Care Services that are ***non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and***

consent has been satisfied as described below, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Policy*.

- For Covered Health Care Services that are **Emergency Health Care Services provided by an out-of-Network provider**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Policy*.
- For Covered Health Care Services that are **Air Ambulance services provided by an out-of-Network provider**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance, or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the *Policy*.

Allowed Amounts are determined in accordance with our reimbursement policy guidelines or as required by law, as described in the *Policy*.

Network Benefits

Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment, or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

Out-of-Network Benefits

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

- **For non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen, urgent medical needs arise at the time the services are provided), the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and

an out-of-Network Physician may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Policy*.

- **For Emergency Health Care Services provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Policy*.

- **For Air Ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance, or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the *Policy*.

- **For Emergency ground ambulance transportation provided by an out-of-Network provider**, the Allowed Amount, which includes mileage, is a rate agreed upon by the out-of-Network provider or, unless a different amount is required by applicable law, determined based upon the median amount negotiated with Network providers for the same or similar service.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

When Covered Health Care Services are received from an out-of-Network provider, except as described above, Allowed Amounts are determined based on either of the following:

- Negotiated rates agreed to by the out-of-Network provider and either us or one of our vendors, affiliates, or subcontractors.
- If rates have not been negotiated, then one of the following amounts:
 - Allowed Amounts are determined based on 150% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market.
 - When a rate is not published by *CMS* for the service, we use an available gap methodology to determine a rate for the service as follows:
 - ◆ For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale or the amount typically accepted by a provider for the same or similar service. The relative value scale may be based on the difficulty, time, work, risk, location, and resources of the service. If the relative value scale(s) currently in use become no

longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

- ◆ For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
- ◆ When a rate for a laboratory service is not published by *CMS* for the service and gap methodology does not apply to the service, the rate is based on the average amount negotiated with similar Network providers for the same or similar service.
- ◆ When a rate for all other services is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically put in place within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here. This includes non-Ancillary Services when notice and consent is satisfied as described under section 2799B-2(d) of the *Public Health Service Act*.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for

specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Continuity of Care

Network Benefits for continued treatment are provided in the following situations:

- If a Covered Person is in her second or third trimester of pregnancy and receiving obstetrical care from a provider who is involuntarily disenrolled from the Network, other than disenrollment for quality-related reasons or for fraud, the Covered Person may continue to be treated by that provider for that pregnancy up to and including the first postpartum visit.
- If a Covered Person is in her second or third trimester of pregnancy and receiving obstetrical care from a provider who is involuntarily disenrolled from the Network, other than disenrollment for quality-related reasons or for fraud, the Covered Person may continue to be treated by that provider for that pregnancy up to and including the first postpartum visit.
- If a Covered Person is receiving care for a terminal illness from a provider who is involuntarily disenrolled from the Network, other than disenrollment for quality-related reasons or for fraud, the Covered Person may continue to be treated by that provider until the Covered Person's death.
- Network Benefits will be paid for services of an out-of-Network Physician for the time period shown below beginning on the effective date of coverage for a new Eligible Person if the Enrolling Group only offers a choice of carriers in which the Physician is not a participating provider and one of the following situations applies:
 - Up to 30 days if the Physician is providing the Covered Person an ongoing course of treatment or is the Covered Person's Primary Care Provider.
 - Through the first postpartum visit for a Covered Person in her second or third trimester of pregnancy.
 - Until the Covered Person's death for a Covered Person with a terminal illness.

This Continued Treatment provision only applies if the provider agrees to the following three conditions:

- To accept reimbursement from us at the rates applicable prior to notice of disenrollment as payment in full and not to impose cost sharing with respect to the Covered Person in an amount that would exceed the cost sharing that could have been imposed if the provider had not been disenrolled.
- To adhere to our quality assurance standards and to provide us with necessary medical information related to the care provided.
- To adhere to our policies and procedures, including procedures regarding referrals, obtaining prior authorization and services provided pursuant to a treatment plan, if any, approved by us.

This Continued Treatment provision will not be construed to require the coverage of Benefits that would not have been covered if the provider involved remained a Network provider.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid. Out-of-Network Benefits may be available if the special needs services you receive are Covered Health Care Services for which Benefits are provided under the Policy.

Health Care Services from Out-of-Network Providers Paid as Network Benefits

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

If a Covered Health Care Service is not available to you within our Network, we will cover the out-of-Network Covered Health Care Service and You will not be responsible to pay more than the amount which would be required for a similar Covered Health Care Service offered within Our network. In addition, whenever a location is part of Our network, We will cover a Covered Health Care Service delivered at that location and You will not be responsible to pay more than the amount required for Network services even if part of the Covered Health Care Service is performed by out-of-Network providers, unless You had a reasonable opportunity to choose to have the service performed by a Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you do not use the selected Network Physician, Covered Health Care Services will be paid as Out-of-Network Benefits.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, you will be required to pay any Co-payments at the time of service.

Network Benefits:

Benefits for Vision Care Services are determined based on the negotiated contract fee between us and the Vision Care Provider. Our negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Out-of-Network Benefits:

Benefits for Vision Care Services from out-of-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Limit any amount you pay in Co-insurance for Vision Care Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits*. Any amount you pay in Co-payments for Vision Care Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits*.

- Ocular motility (how the eyes move) near point convergence (how well eyes move together for near vision tasks, such as reading), and depth perception (3D vision).
- Pupil reaction to light and focusing.
- Exam of the eye lids, lashes, and outside of the eye.
- Retinoscopy (when needed) - helps to determine the starting point of the refraction which determines the lens power of the glasses.
- Phorometry/Binocular testing - far and near (how well eyes work as a team).
- Tests of accommodation - how well you see up close (for example, reading).
- Tonometry, when indicated - test pressure in eye (glaucoma check).

Section 1: Accessing Pediatric Dental Services

Network and Out-of-Network Benefits

Network Benefits - these Benefits apply when you choose to obtain Covered Dental Services from a Network Dental Provider. You generally are required to pay less to the provider than you would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will you be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, you must obtain all Covered Dental Services directly from or through a Network Dental Provider.

You must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can check the participation status by contacting us and/or the provider. We can provide help in referring you to Network Dental Provider.

We will make available to you a *Directory of Network Dental Providers*. You can also call us at the number stated on your identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these Benefits apply when you decide to obtain Covered Dental Services from out-of-Network Dental Providers. You generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary fee. You may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service that is greater than the Usual and Customary fee. When you obtain Covered Dental Services from out-of-Network Dental Providers, you must file a claim with us to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

You are eligible for Benefits for Covered Dental Services listed in this Rider if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this Rider.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a pre-authorization before Dental Services are provided. If you do not obtain a pre-authorization, we have a right to deny your claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be given a Benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this Rider.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge you or us for any service or supply that is not Necessary as determined by us. If you agree to receive a service or supply that is not Necessary the Network provider may charge you. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary fees. You must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amount.

Annual Deductible

Benefits for pediatric Dental Services provided under this Rider are subject to the Annual Deductible stated in the *Schedule of Benefits*, unless otherwise specifically stated.

Out-of-Pocket Limit - any amount you pay in Co-insurance for pediatric Dental Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits*.

Benefits

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in *Section 8: Defined Terms* of the *Policy*:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the *Policy* is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are our contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from Out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which Benefits are provided under this Rider.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to provide Dental Services, perform dental surgery or provide anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to a Covered Person while the Policy is in effect, provided such care or treatment is recognized by us as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Necessary - Dental Services and supplies under this Rider which are determined by us through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by us.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ◆ For treating a life threatening dental disease or condition.
 - ◆ Provided in a clinically controlled research setting.
 - ◆ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this Rider. The definition of Necessary used in this Rider relates only to Benefits under this Rider and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary - Usual and Customary fees are calculated by us based on available data resources of competitive fees in that geographic area.

Usual and Customary fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary fees are determined solely in accordance with our reimbursement policy guidelines. Our reimbursement policy guidelines are developed by us, in our discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association*).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that we accept.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a UnitedHealthcare Vision Network or out-of-Network Vision Care Provider. To find a UnitedHealthcare Vision Network Vision Care Provider, you may call the provider locator service at 1-800-839-3242. You may also access a listing of UnitedHealthcare Vision Network Vision Care Providers on the Internet at www.myuhcvision.com.

When you obtain Vision Care Services from an out-of-Network Vision Care Provider, you will be required to pay all billed charges at the time of service. You may then seek payment from us as described in the *Policy* in *Section 5: How to File a Claim* and in this *Rider* under *Section 3: Claims for Pediatric Vision Care Services*. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a UnitedHealthcare Vision Network Vision Care Provider, you will be required to pay any Co-payments at the time of service.

Network Benefits:

Benefits for Vision Care Services are determined based on the negotiated contract fee between us and the Vision Care Provider. Our negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Out-of-Network Benefits:

Benefits for Vision Care Services from out-of-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Limit - any amount you pay in Co-insurance for Vision Care Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits*. UnitedHealthcare Insurance Company

Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at either a Network Pharmacy or an out-of-Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore your Co-payment and/or Co-insurance may change and an Ancillary Charge may apply, or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

What Happens When a Biosimilar Product Becomes Available for a Reference Product?

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, your Co-payment and/or Co-insurance may change and an Ancillary Charge may apply, or you will no longer have Benefits for that particular reference product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

Out-of-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at an out-of-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at an out-of-Network Pharmacy. You may seek reimbursement from us as described in the Policy in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Co-payment and/or Co-insurance, Ancillary Charge, and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) or Pharmaceutical Product(s) for which Benefits are provided as described under the *Certificate* first.

You or your prescribing health care provider may request an exception to step therapy requirements through the Prior Authorization process. An exception to step therapy requirements will be granted if any of the following apply:

- The prescription drug required under the step therapy protocol is contraindicated or will likely cause an adverse reaction or physical or mental harm.
- The prescription drug required under the step therapy protocol is expected to be ineffective, based on both of the following:
 - Your known clinical characteristics; and

- The known characteristics of the prescription drug regimen;
- You or your prescribing health care provider have provided documentation establishing that you have previously:
 - Tried the prescription drug required under the step therapy protocol or another prescription drug in the same pharmacologic class or with the same mechanism of action; and
 - Such prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect or an adverse event; or
- You or your prescribing health care provider have provided documentation establishing that:
 - You are stable on the requested prescription drug prescribed by your health care provider; and
 - Switching drugs will likely cause an adverse reaction or physical or mental harm.

We will notify you and your prescribing health care provider of our determination for a step therapy review within three (3) business days for non-urgent care situations or within 24 hours for urgent care situations after receiving a request. Any denial notice of a step therapy request will include a detailed, written explanation of the reason for the denial and the clinical rationale supporting the denial.

Continuity of Coverage: Upon request, you will be allowed a 30-day fill of a covered medication, on which you have already been prescribed and are stable, while the step therapy exception request is being reviewed.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com or the telephone number on your ID card.

What Do You Pay?

You are responsible for paying the Annual Deductible stated in the *Schedule of Benefits* which is attached to your *Certificate* before Benefits for Prescription Drug Products under this Rider are available to you. We may not permit certain coupons or offers from pharmaceutical manufacturers or an affiliate to apply to your Annual Deductible.

Benefits for Prescription Drug Products on the List of Preventive Medications are not subject to payment of the Annual Deductible.

Benefits for PPACA Zero Cost Share Preventive Care Medications are not subject to payment of the Annual Deductible.

Benefits for Prescription Drug Products on the List of Zero Cost Share Medications are not subject to payment of the Annual Deductible unless required by state or federal law.

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the Benefit Information table, in addition to any Ancillary Charge. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications. You are not responsible for paying a Co-Payment and/or Co-insurance for Prescription Drug Products on the List of Zero Cost Share Medications.

An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or the provider's request and there is another drug that is Chemically Equivalent. An Ancillary Charge does not apply to any Annual Deductible or Out-of-Pocket Limit.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Limit stated in your *Policy*:

- Ancillary Charges.
- The difference between the Out-of-Network Reimbursement Rate and an out-of-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.
